COLOUR GUIDE **2025**

A NOTE ON COLOUR ACCURACY

We invite you to use this guide to explore your Luxio® Colour collection. For the most accurate representation of colours across different skin tones and lighting conditions, we recommend referring to the official Luxio colour swatches. While we strive to present colours as faithfully as possible, please note that variations may occur in person.

COVERAGE + FINISHES

Luxio® offers different coverages and finishes to suit individual preferences. Reference the coverage listed next to the shade name, to provide you with an indication of the density of each colour's coverage along with its individual finish. We recommend applying every Luxio Colour in 2 thin, even coats for the best results.

SEMI-SHEER

More coverage than a sheer finish but still allows some of the natural nail to be visible

TINT

A subtle wash of color with high transparency, allowing the natural nail to show through almost entirely

SPECIAL FINISHES

SPARKLE

Colours infused with medium or large sized glitter

PEARL

Metallic finish with very small sized glitter

SHIMMER

Colours infused with small sized sparkle

GLITTER

Clear gel with large, coloured glitters
